PARKS AND RECREATION

December 23, 2014

To Whom It May Concern:

United Building Solution served as the General Contractor and oversaw construction of a six bay storage building for our Parks Maintenance Division this past summer. Ernie Babineau was their representative who coordinated all the work, using several sub-contractors, including Town forces for site work, drainage, and paving, and the outcome was a complete success.

The initial timeline and budget were met, even with some improvements being garnered along the way. Ernie's ability to keep progress moving forward on the jobsite, coordinating inspections and submittals, keeping the design team and me, as the owner's representative, informed of any issues, were all to his credit. He maintained a personable and professional demeanor throughout the process. The end product was a building that he can point to with pride and that we can proudly use in our operation.

Please feel free to call me at 860-652-7686 or e-mail me at Gregory.foran@glastonbury-ct.gov for further information on this project and the Town's experience with Mr. Babineau and United Building Solution.

Sincerely,

Gregory A. Foran
Parks Superintendent
